

## National Average Comparison

The following numbers and percentages are calculated based on your Adjusted Gross Income (AGI). The National Average allows you to compare your federal return with other taxpayers who are in the same AGI range. The last column represents the percentage of people in your AGI range that report each item.

Your AGI is \$84,235 which is in the \$50,000 - \$100,000 range. The average AGI for taxpayers in your range is \$73,009. Based on the national average, your AGI is in the Top 20% of all returns filed.
